PE228 WORK EXPERIENCE – CENTRAL BEDFORDSHIRE COLLEGE

The Town Council had been contacted by the Supported Internship Coordinator at Central Bedfordshire College. The aim of Supported Internship was to support young adults with additional needs into a work placement, so that they can gain the relevant experience and skills to help them obtain employment in the future.

The college had new students starting in September who had a very keen interest in working in a Grounds Person role.

The Supported Internship Coordinator had asked if the Town Council would be interested in offering a student/s work placement for up to 3 days a week from September 2022 to June 2023. The student/s would be accompanied by a Job Coach who works to the Supported Employment model of 'Place, Train, Maintain and Fade.'

The Job Coach would be trained in the jobs that the student would be doing first, so, that they were fully equipped with the knowledge, skills, and experience to best support the student and would lessen the impact on staff. Once the student can work confidently, the support would gradually be withdrawn to allow them to work independently.

The aim of Supported Internship was for the student to gain a paid position at the end of their experience; however, it was appreciated that this was not always possible. Central Bedfordshire College would be grateful for any experience, skills, and knowledge that student/s could gain along their journey.

Central Bedfordshire College's own in-house Health and Safety Advisor who would carry out a risk assessment prior to a student starting.

This was a Government Supported scheme championing to close the employment gap between people with a disability or learning difficulty and those without.

Members expressed their support for such programmes and welcomed the prospect to assist with this opportunity. Members highlighted concerns that assurances would be needed to ensure college support would not be removed before the student was ready.

It was agreed that overtime expenditure would be reported to Events Working Group, both predicted, presented before the event, and actual, presented after the event to enable accurate cost information when giving consideration to planning an event.

Title: Investment Report

Purpose of the Report: To provide to members a report on investments to date.

Contact Officer: Clare Evans, Town Clerk

1. RECOMMENDATION

This report is provided for information.

2. BACKGROUND

In accordance with Committee Functions & Terms of Reference, Financial Regulations and Banking Arrangements, Investment Strategy & Investment Arrangements Policy, it is a requirement that the Corporate Services Committee to receive quarterly reports on investments. This report contains a forecast of capital expenditure, investment opportunities and a recommendation for further investment including where length and amount.

3. INVESTMENT PROCESS

Commencement of the short-term investment (Public Sector Deposit Fund) and the long-term investment (LAMIT Authorities Property Fund) were both during Financial Year 2014 - 2015.

In accordance with Minutes AC1113 and AC1121, two officers administrate both these accounts for supervision and audit trail purposes.

Both these investments have no fixed period of terms, but both are treated on an annual roll-on basis at their anniversaries' review - Min10064 dated 23.9.19.

4. LONG TERM INVESTMENT – LAMIT PROPERTY FUND ACCOUNT

Commencement of the LAMIT Property Fund was October 2014. This fund is designed to achieve long term capital growth from investments in the commercial property sector. Dividends are paid quarterly (in accordance with IAS 18 - Revenue) less fund management fees but without deduction of tax.

```
Gross dividend yield rate as at: 30<sup>th</sup> September 2022 – 3.39% 30<sup>th</sup> June 2022 – 2.3% 31<sup>st</sup> March 2022 – 3.16% 31<sup>st</sup> January 2022 – 3.44%
```

5. SHORT-TERM INVESTMENT – PUBLIC SECTOR DEPOSIT ACCOUNT

Commencement of the Public Sector Deposit Fund was September 2014.

Activity is a fluctuation of withdrawals when required to meet the council's expenditure costs for the period and deposits of investing surplus funds (namely Precept) in accordance with the Trustee Investment Act 1961 S.11 and recommendations.

Local Government Pension Scheme 2014 (LGPS)
Houghton Regis Town Council
Employer Discretion Policy Statement

The new pension scheme rules, which apply from 1 April 2014, require each scheme employer within the LGPS to publish a statement with regards to how the employer will respond to discretionary aspects of the scheme rules and regulations.

This statement will be published on the Houghton Regis Town Council website and will also be made freely available in other ways such as intranet sites, staff groups, trade unions and HR officers.

The date of this publication is: 29th September 2014

The effective date of this policy is: 1st April 2014

This is the formal employers policy in respect of the employer that is currently known as:

that is currently known as: Houghton Regis Town Council

This policy applies to: Prospective members, current contributory

members, deferred members and pensioner members of the Local Government Pension Scheme (LGPS), and their dependants.

Where quoted regulations* refer to:

The Local Government Pension Scheme Regulations 2013, or The Local Government Pension Scheme (Transitional Provisions, Savings and Amendment) Regulations 2014.

*For certain employees/ers reference may also be contained to the following regulations:

- The Local Government (Early Termination of Employment) (Discretionary Compensation) (England and Wales) Regulations 2000
- The Local Government (Early Termination of Employment) (Discretionary Compensation) (England and Wales) Regulations 2006 (as amended)
- The Local Government (Discretionary Payments) (Injury Allowances) Regulations 2011

This statement will be reviewed at least every 3 years at the time of the pension evaluation and may change from time to time as required. You should obtain the latest version of this document before making any decisions in respect of your retirement provisions as the situation may have changed.

You are advised to read this statement in conjunction with the information provided in respect of the benefits provided by the LGPS – the occupational pension scheme provided by Houghton Regis Town Council

This policy does not convey any form of contractual rights for LGPS/staff members. The policy will be reviewed and may be subject to change, only the version of the policy that is 'current' at the time at which an event occurs will be the one applied for the purposes of LGPS benefits or membership. This policy cannot, nor does it seek to, override the provision of the Local Government Pension Scheme Regulations (as amended), the Local Government (Discretionary Payments) as amended, and the Employment Rights Act.

Houghton Regis Town Council will not use this policy for any ulterior motive, it will ensure that such discretions will be exercised reasonably and where a cost is incurred it will only be used when there is a future benefit to the employer for incurring the extra costs that may arise or be associated with the discretion. It will ensure that where exercised any discretions that incur additional costs, will be applied and recorded as appropriate.

In publishing this policy the scheme employer, Houghton Regis Town Council, is required to pay due regard to the requirement that the formulated policy and its application and the extent to which the exercise of the discretions could lead to a serious loss of confidence in the public service.

Signed:

Town Clerk, Houghton Regis Town Council

Local Government Pension Scheme 2014 (LGPS) - Employer Policy Statement

Employer discretions required under: The Local Government Pension Scheme Regulations 2013 [prefix R]

The Local Government Pension Scheme (Transitional Provisions, Savings and Amendment) Regulations 2014 [prefix TP]

Regulation R16 (2)(e) & R16 (4)(d)

Whether, how much, and in what circumstances to contribute to a shared cost Additional Pension Contract (APC) scheme.

The Scheme employer may resolve to fund in whole or in part any arrangement entered into by an active scheme member to pay additional pension contributions by way of regular contributions in accordance with Regulation 16(2)(e), or by way of a lump sum in accordance with Regulation 16(4)(d).

The Scheme employer may enter into an APC contract with a Scheme member who is contributing to the MAIN section of the Scheme in order to purchase additional pension of not more than the additional pension limit (£6,500 from 1st April 2014 subject to annual increase in line with the Pensions (Increase) Act 1971).

The amount of additional contribution to be paid is determined by reference to actuarial guidance issued by the Secretary of State.

Consideration needs to be given to the circumstances under which the Scheme employer may wish to use their discretion to fund in whole or in part an employee's Additional Pension Contributions.

The policy of Houghton Regis Town Council is:

A request for the authority to fund an APC received from a current contributing member of the LGPS employee will be granted only with the consent of the Personnel Committee and only if there is a clear demonstrable financial or operational advantage for the authority in doing so.

Regulation R30(6)* & TP11(2)

Whether all or some benefits can be paid if an employee reduces their hours or grade (flexible retirement)

An active member who has attained the age of 55 or over and who with the agreement of their employer reduces their working hours or grade of employment may, with the further consent of their employer, elect to receive immediate payment of all or part of the retirement pension to which they would be entitled in respect of that employment as if that member were no longer an employee in local government service on the date of the reduction in hours or grade (adjusted by the amount shown as appropriate in actuarial guidance issued by the Secretary of State – separate policy required under Regulation 30(8)).

As part of the policy making decision the Scheme employer must consider whether, in addition to the benefits the member may have accrued prior to 1 April 2008 (which the member must draw), to permit the member to choose to draw all, part or none of the pension benefits they built up after 31 March 2008 and before 1 April 2014 and all, part of none of the pension benefits they built up after 1 April 2014.

Due consideration must be given to the financial implications of allowing an employee to draw all or part of their pension benefits earlier than their normal retirement age.

The policy of Houghton Regis Town Council is:

Houghton Regis Town Council has a flexible retirement policy that is reliant upon a sound business case being made for the granting of flexible retirement with immediate access to all or part of the member's benefits.

To this end Houghton Regis Town Council will consider requests on a case by case basis.

The following criteria will apply:-

There must be at least a 40% reduction in gross pay or contractual hours worked.

Regulation R30(8)*

Whether to waive, in whole or in part, actuarial reduction on benefits paid on flexible retirement. Whether to waive, in whole or in part, actuarial reduction on benefits which a member voluntarily draws before normal pension age.

Where a Scheme employer's policy under regulation 30(6) (flexible retirement) is to consent to the immediate release of benefits in respect of an active member who is aged 55 or over, those benefits must be adjusted by an amount shown as appropriate in actuarial guidance issued by the Secretary of State (commonly referred to as actuarial reduction or early payment reduction).

A Scheme employer (or former employer as the case may be) may agree to waive in whole or in part and at their own cost, any actuarial reduction that may be required by the Scheme Regulations.

Due consideration must be given to the financial implications of agreeing to waive in whole or in part any actuarial reduction.

The policy of Houghton Regis Town Council is:

As a consequence of flexible retirement there may be a reduction to the benefit paid where the employee does so before the age of 65.

The value of any actuarial reductions will be applied. Houghton Regis Town Council will not seek to fund the reductions applied.

TP Sch 2 para 2(2)

Whether to "switch on" the 85-year rule for a member voluntarily drawing benefits on or after age 55 and before age 60.

Where a scheme member retires or leaves employment and elects to draw their benefits at or after the age of 55 and before the age of 60 those benefits will be actuarially reduced unless their Scheme employer agrees to meet the full or part cost of those reductions as a result of the member otherwise being protected under the 85 year rule as set out in previous Regulations.

So as to avoid the member suffering the full reduction to their benefits the Scheme employer can 'switch on' the 85 year rule protections thereby allowing the member to receive fully or partly unreduced benefits but subject to the Scheme employer paying a strain (capital) cost to the Pension Fund

The policy of Houghton Regis Town Council is:

As a consequence there may be a reduction to the benefit paid where the employees does so before the age of 60.

The value of any actuarial reductions will be applied. Houghton Regis Town Council will not seek to fund the reductions applied.

TP Sch 2 para 2(3)

Whether to waive on compassionate grounds the actuarial reduction applied to benefits from pre 1/4/14 membership where the employer has switched on the 85-year rule for a member voluntarily drawing benefits on or after age 55 and before age 60.

So as to avoid the member suffering the full reduction to their benefits the Scheme employer can 'switch on' the 85 year rule protections thereby allowing the member to receive fully or

partly unreduced benefits but subject to the Scheme employer paying a strain (capital) cost to the Pension Fund

The policy of Houghton Regis Town Council is:

That it may agree to adopt these discretions based on compassionate grounds.

But it will further consider the definition of compassionate grounds to include, but not be restricted to:

Compelling domestic reasons which will affect the ability of the individual to continue with their present working arrangements

and/or

Reasons of ill health, which do not meet the current criteria for ill-health retirement.

Appropriate medical evidence, should be provided by the member, at the member's cost in support of such cases. Any medical evidence provided should be compiled by a suitably qualified occupational physician.

Regulation R31

Any additional pension awarded is payable from the same date as any pension payable under other provisions of the Scheme Regulations from the account to which the additional pension is attached.

In the case of a member falling within

sub-paragraph (b) above, the resolution to award additional pension must be made within 6 months of the date that the member's employment ended.

The policy of Houghton Regis Town Council is:

That the Council will not generally, during its normal course of business ordinarily consider this discretion due to financial pressures at a time when there is a need to make significant savings via the public sector spending revue.

Employer discretions required under: The Local Government Pension Scheme Regulations 2007 (as amended) [prefix B]

It does not intend to review this discretion until the financial situation has improved sufficiently in real terms.

However, it confirms that it will consider such requests from employees where there is no capital cost to the authority.

The Following Further Employer Discretions may be required for certain employers, for reasons of transparency, the position of Houghton Regis Town Council is shown where relevant:

The Local Government (Early Termination of Employment) (Discretionary Compensation)

(England and Wales) Regulations 2000]

Regulation 21(4)

How any surviving spouse's or civil partner's annual compensatory added years is to be apportioned where the deceased person is survived by more than one spouse or civil partner.

The policy of Houghton Regis Town Council is:

That any surviving spouse's annual compensatory added years payment deemed payable, will be divided equally amongst those eligible for payment, where the deceased person is survived by more than one spouse or civil partner.

Regulation 25(2)

How it will decide to whom any children's annual compensatory added years payments are to be paid where children's pensions are not payable under the LGPS (because the employee had not joined the LGPS) and in such case how the annual added years will be apportioned amongst the eligible children

The policy of Houghton Regis Town Council is:

That any annual compensatory added years payment deemed payable, to a child will be divided equally amongst those children eligible for payment. Therefore any annual added years payments will be divided equally amongst any eligible children.

Regulation 21(7)

Whether in respect of the spouse of a person who ceased employment before 1 April 1998 and where the spouses or civil partner remarries, enters into a new civil partnership or cohabits after 1 April 1998, the normal pension suspension rules should be disapplied i.e. whether the spouse's or civil partners annual compensatory added years payments should continue to be paid.

The policy of Houghton Regis Town Council is:

That the normal pension suspension rules will be disapplied.

Regulation 21(5)

{If the decision in 21(7) is to apply suspension of benefits.}

...whether the spouses or civil partners pension should be reinstated after the end of the remarriage, new civil partnership or co habitation.

The policy of Houghton Regis Town Council is:

As suspension of pensions will not be applied under Regulation 21(7) this discretion will not

be relevant to the authority.

Regulation 21(7)

Whether, in respect of the spouses or civil partner of a person who ceased employment before 1 April 1998 and where the spouses or civil partner remarries or cohabits or enters into a civil partnership on or after 1 April 1998 with another person who is also entitled to a spouses or civil partners annual compensatory added years (CAY) payment, the normal rules requiring one of them to forgoe payment whilst the period of marriage, civil partnership or co habitation lasts, should be disapplied i.e. whether the spouses or civil partners annual CAY payments should continue to be paid to both of them.

The policy of Houghton Regis Town Council is:

That the normal pension suspension rules will be disapplied.

Regulation 17

Whether to and to what extent to reduce or suspend the member's annual compensatory added years payment during any period of re-employment in local government.

The policy of Houghton Regis Town Council is:

That as such payments are unlikely to have been made by the authority under the regulations, no attempt will be made to suspend such payments in the event of reemployment. This is rationale is further strengthened because it would seem to be disingenuous in light of the current flexible retirement policy to do so.

Regulation 19

How to reduce the member's annual compensatory added years payment following the cessation of a period of re-employment.

The policy of Houghton Regis Town Council is:

As suspension of pensions will not be applied this discretion will not be relevant to the authority.

The Local Government (Early Termination of Employment) (Discretionary Compensation)

(England and Wales) Regulations 2006 (as amended)

Note: For the purposes of the above, 'local government' means employment with an employer who offers membership of the LGPS to its employees, regardless of whether or not the employee chooses to join the LGPS (except where the employer is an Admitted Body). Technically, an employee of an Admitted Body (i.e. a body that has applied to the administering authority to allow its employees to join the LGPS and has entered into a formal admission agreement) is only employed in 'local government' if he / she is a member of the LGPS.

Regulation 5

To base redundancy payments on an actual weeks pay where this exceeds the statutory weeks pay limit.

The policy of Houghton Regis Town Council is:

That it will base redundancy pay on actual pay where actual pay exceeds the statutory maximum under the Employment Rights Act 1996.

Regulation 6

To award lump sum compensation of up to 104 weeks pay in cases of redundancy, termination of employment on efficiency grounds, or cessation of a joint appointment.

The policy of Houghton Regis Town Council is:

That the authority would not have sought to normally pay compensation under this Regulation

except to ensure that an employee whose employment was terminated by reason of redundancy received, under Regulation 5 of the Compensation Regulations, and this Regulation, a total of up to 30 weeks pay calculated in accordance with the Statutory Redundancy Pay Table.

It should be Noted that: The effect of the authority's policy on the exercise of its discretions under Regulations 5 and 6 of the Compensation Regulations is that a person whose employment is terminated by reason of redundancy will be paid up to 30 weeks' pay calculated in accordance with the Statutory Redundancy Pay Table.

A person whose employment is terminated in the interests of the efficient exercise of the authority's functions, or where the other holder of a joint appointment leaves, will not normally be paid compensation under these Regulations.

The Local Government (Discretionary Payments) (Injury Allowances) Regulations 2011

Regulation 3(1)

Whether to grant an injury allowance following reduction in remuneration as a result of sustaining an injury or contracting a disease in the course of carrying out duties of the job.

The policy of Houghton Regis Town Council is:

That the authority has, after due regard to the facility, determined not to adopt the discretionary powers in respect of the injury allowance regulations as it cannot be satisfied that such a policy would be workable, affordable and reasonable having regard to the foreseeable cost and the use of public funds.

This discretion is therefore redundant as no injury allowance would be payable.

Further Employer Discretions (set out as best practice)

- in accordance with the Local Government Pension Scheme Regulations 2013

R9(1) & (3) - Contributions

Where an active member changes employment or there is a material change which affects the member's pensionable pay during the course of a financial year, the Scheme employer may determine that a contribution rate from a different band (as set out in Regulation 9(2)) should be applied.

Where the Scheme employer makes such a determination it shall inform the member of the revised contribution rate and the date from which it is to be applied.

The policy of Houghton Regis Town Council is:

The authority, having taken due regard to the administrative functions required to ensure an effective and legitimate payroll function is present that fulfills all legal requirements, has determined that any variations to the rate of contribution will be applied from 1st of April each year following any re-assessment of bandings.

Any further assessment will only be carried out, during the year when the variance in the total annual remuneration is more than 25% of the existing total annual remuneration, and would be subject to the agreement of the Chief Executive in conjunction with the Leader of the Council.

R17(1) - Additional Voluntary Contributions

An active member may enter into arrangements to pay additional voluntary contributions (AVCs) or to contribute to a shared cost additional voluntary contribution arrangement (SCAVCs) in respect of an employment. The arrangement must be a scheme established between the appropriate administering authority and a body approved for the purposes of the Finance Act 2004, registered in accordance with that Act and administered in accordance with the Pensions Act 2004.

The Scheme employer needs to determine whether or not it will make contributions to such an arrangement on behalf of its active members.

The policy of Houghton Regis Town Council is:

That it will not set up any Shared Cost Additional Voluntary Contribution (SCAVC) Arrangements as it does not believe this to be a prudent use of funds.

R21(5) – Assumed Pensionable Pay

A Scheme employer needs to determine whether or not to include in the calculation of assumed pensionable pay, any 'regular lump sum payment' received by a Scheme member in the 12 months preceding the date that gave rise to the need for an assumed pensionable pay figure to be calculated.

The policy of Houghton Regis Town Council is:

That it will take all reasonable and necessary steps to ensure that in individual cases, it will establish a fair, equitable and justifiable way to identify what the members likely pay would have been, had the absence not occurred, and in cases where this pay is to be used for future benefits, whether that level of pay would have been received every year to normal retirement age.

R22 - Merging of Deferred Member Pension Accounts with Active Member Pension Accounts

A deferred member's pension account is automatically aggregated with their active member's pension account unless the member elects within the first 12 months of the new active member's pension account being opened to retain their deferred member's pension account.

A Scheme employer can, at their discretion, extend the 12 month election period.

The policy of Houghton Regis Town Council is:

That the 12 months deadline would not be extended, however, extenuating circumstances may apply and this may include one or more of the following:

Where evidence exists that an election was made within 12 months but the administering authority did not receive this

Where evidence exists that the member was not aware of the 12 month limit due to maladministration

Where there has been an administrative error on the part of the employer, its contractor, or the scheme administrator

Where one or all of the above exist, the Chief Executive in conjunction with the Leader of the Council, may extend the period in question.

R74 Adjudication

Each Scheme employer must appoint a person ("the adjudicator") to consider applications from any person whose rights or liabilities under the Scheme are affected by:

- (a) a decision under regulation 72 (first instance decisions); or
- (b) any other act or omission by a Scheme employer or administering authority,

and to make a decision on such applications.

Responsibility for determinations under this **first stage of the Internal Disputes Resolution** Procedure (IDRP) rests with "the adjudicator" as named below by the Scheme employer:

Houghton Regis Council's 'Adjudicator's' details are:

Chair of Corporate Services Committee Full Address: Houghton Regis Town Council, Peel Street, Houghton Regis, Beds

Regulation R100(6) -Transfers of Pension Rights into the LGPS

A request from an active member to transfer previously attained pension rights into the LGPS must be made in writing to the administering authority and the Scheme employer before the expiry of the period of 12 months beginning with the date on which the employee first became an active member in an employment (or such longer period as the Scheme employer and administering authority may allow).

The policy of Houghton Regis Town Council is:

That the 12 months deadline would not be extended, however, extenuating circumstances may apply and this may include one or more of the following:

Where evidence exists that an election was made within 12 months but the administering authority did not receive this

Where evidence exists that the member was not aware of the 12 month limit due to maladministration

Where there has been an administrative error on the part of the employer, its contractor, or the scheme administrator

Where one or all of the above exist the Chief Executive in conjunction with the Leader of the Council, may extend the period in question.

This policy will be reviewed annually by the Corporate Services Committee

1.0 Introduction

1.1 Effective risk management is essential if Houghton Regis Town Council is to deliver its key outcomes and achieve its goals. It supports continuous improvement and good governance.

Approved: 28th September 2015

Reviewed: 21st September 2021

- 1.2 Risk management is about us: identifying the things that could happen to prevent the delivery of our key outcomes (our risks); assessing how likely it is that these things might happen and what their impact might be; and determining what can be done to reduce the likelihood of those unwanted events or mitigate their impact. Effective risk management requires us to identify our most important risks; record those risks and the actions we plan to take to deal with them; and review, regularly the impact of our actions on our risks.
- 1.3 We cannot avoid risk entirely and it would be impracticable to try to manage away entirely the risks that we are exposed to. What we must do is: decide what level of risk we are prepared, and can afford, to accept; take action that is proportionate and affordable to reduce to an acceptable level as many risks as possible; and keep under review and actively manage those risks that remain unacceptably high.
- 1.4 The Risk Management Strategy has been adopted to help us to manage our risks effectively.

2.0 Scope

- 2.1 The Strategy provides an overview of risk management before examining in more detail the elements critical to successful risk management, i.e.:
 - determining our risk appetite
 - the integration of risk management into our decision making
 - linking service planning and performance management with risk management
 - defining responsibilities for risk management
 - processes for identifying, assessing and managing risk

3.0 Strategy Outcomes

3.1 The outcomes to be delivered by this strategy are within the approved Town Council Plan:

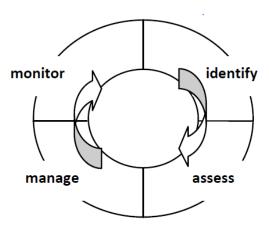

4.0 Risk Management - Overview

- 4.1 Risk management is the process by which the organisation seeks to identify, assess and manage key risks which might prevent it from achieving its corporate outcomes and goals or from doing so in an effective and efficient manner.
- 4.2 Risk management should not be treated as a standalone process. It should be treated just like budgeting and financial management or service planning and performance management something that any good manager does as a matter of course. It should be linked to the service and financial planning and management as managers identify both the risks to their plans as they develop them and the risks associated with subsequent actions to keep those plans on track.
- 4.3 Risk management is a continuous process. For known risks, it should operate from the time that each risk is first identified until such time as it no longer represents a significant risk to the organisation. Recorded risks and the controls used to mitigate them should be reviewed on
 - a regular basis: the frequency of review for each risk should reflect the impact the risk might have and the degree of confidence placed on the controls in place to manage it. In addition,

there is a need for constant and ongoing vigilance to ensure that any new risks that may arise are recognised and dealt with before they can impact on the organisation.

Approved: 28th September 2015 Reviewed: 21st September 2021

- 4.4 There are a number of benefits of having an effective risk management process in place and these include:
 - Alerting management and other accountable persons to the key risks which might prevent the achievement of the organisation's corporate outcomes and service plan objectives, in order that timely mitigation can be developed to either prevent the risks occurring, or to manage them effectively if they do occur.
 - Contributing to better decision making and the process of achieving corporate outcomes and service plan objectives. When embedded within existing business processes such as planning, performance management, project management and budgeting, it provides a basis for ensuring that the implications of decisions are thought through; that the impact of any decision on other decisions, initiatives and projects is considered; and that conflicts within planning and decision making balanced. It also helps managers to design mitigations that are proportionate to the degree of risk faced.
 - Providing assurance to accountable persons and managers on the adequacy of arrangements for the conduct of business. It demonstrates openness and accountability to various regulatory bodies and to all other stakeholders.
 - Greater risk awareness and an improved control environment, which should mean fewer incidents and other control failures and better service outcomes.
- 4.5 The organisation's risk management approach is based on the standard management cycle of:

5.0 Risk Appetite

- 5.1 Risk appetite or risk tolerance are two terms that mean the same thing how much risk the organisation is prepared to live with to achieve service goals and reach its strategic objectives. Using the language of the risk management professional, the organisation may be risk averse, risk neutral or risk loving. The organisation's risk appetite may vary depending on which aspect of its activities it is considering but for risk management purposes, it must be capable of expressing its appetite objectively and numerically.
- 5.2 Houghton Regis Town Council has determined that it will use a scoring model based on impact and likelihood and will set a single risk tolerance level: any risk that scores 9 or more, using the model will be considered "primary" risks and will be subject to positive action designed to mitigate the risk and bring its score within the tolerance level. Appendix 1 to the Strategy provides guidance for scoring the impact and likelihood of each risk.

5.3 To provide full assurance, those risks scoring less than 9 will also be recorded in the Risk Register – as will be the controls and other mitigations that resulted in a within-tolerance risk score. They will also be subject to monitoring designed to give assurance that controls are operating as expected to keep them within tolerance.

6.0 Embedding Risk Management

- 6.1 Embedding risk management is defined as building risk consistently and uniformly into all operations at every level so that it becomes part of 'the way we do things' as a matter of routine.
- 6.2 The key factors for successfully embedding risk management are:
 - Sponsorship;
 - Ownership;
 - Developing linkages with service plans and corporate priorities
 - Developing the appropriate knowledge and skills to identify, assess and manage risks
- 6.3 How we will seek to achieve these success factors and embed risk management is outlined in sections 7 and 8 of the Strategy and the accompanying appendices and guidance notes.

7.0 Roles and Responsibilities

- 7.1 Houghton Regis Town Council will only succeed in managing its risks if everyone understands their responsibilities in this area. The key message for all of us is that we share responsibility for our risks and we can't afford to have anyone shirking their responsibility.
- 7.2 The Town Clerk is specifically responsible for:
 - Producing and reviewing the Risk Management Strategy
 - Reporting to those charged with governance on the effectiveness of risk management arrangements
 - Providing (or obtaining via competent specialists) advice, guidance, support and training to employees and Councillors or other accountable persons
 - Reviewing committee reports to ensure risks relating to recommendations /decisions are clearly stated in the report
 - Promoting effective risk management across the organisation
 - Assisting officers in maintaining the corporate Risk Register
- 7.3 Every risk in the Risk Register will be made the responsibility of a specific employee, manager or Town Clerk. That person will be the Risk Owner.
- 7.4 The organisation's Corporate Services Committee is responsible for oversight of the risk management processes. The Committee receives 6 monthly reports on overdue risk actions. *Those charged with governance* are involved in the preparation and review of the Annual Governance Statement (*Statement of Internal Control*) which includes reference to the organisation's risk management arrangements.
- 7.5 The following table identifies other specific roles and responsibilities.

8.0 Risk Management Processes

- 8.1 Houghton Regis Town Council uses its Town Council Plan to identify its aims, objectives and desired outcome. Houghton Regis Town Council has determined that, for all outcomes identified in this Plan, Risk Owners must consider the risks that may materialise to prevent delivery of a desired outcome and determine what should be done about them. The following steps are to be followed:
 - **Risk identification** the Risk Owner will determine what might happen that could impact on delivery and establish when, how and why such an event might occur.
 - **Risk assessment** the Risk Owner will apply the guidance set out in Appendix 1 to determine the relevant risk score: if the risk score is outside the tolerance level action will be required. At this point the Risk Owner is assessing the "inherent risk", that is the risk that the organisation would be exposed to if no mitigating actions were taken.
 - **Initial risk mitigation** the Risk Owner will identify what controls are already in place to reduce the chance of a risk materialising

• **Initial risk response** – the Risk Owner will determine what to do about a risk in terms of treating, tolerating, transferring or terminating the risky activity in order to reduce the potential impact on the organisation. Alternatively, you might take the risk in order to get an outcome that would not be achievable without taking the risk.

Approved: 28th September 2015

Reviewed: 21st September 2021

- **Risk review** the Risk Owner will review the scoring with the responses and controls in place to come up with the residual risk score.
- **Future risk mitigation** the Risk Owner will identify actions that need to be taken to reduce the residual risk score to within the risk appetite.
- 8.2 These steps may be undertaken by officers during a group workshop, or individually with the assistance of the Risk Manager or an external facilitator. Risks, controls and actions can then be recorded in the Risk Register. Risks can be classified as:
 - Corporate cross cutting and affecting all services in the organisation
 - Operational related to a specific service or activity
 - Strategic may affect the strategic direction of the organisation
 - Project time limited and specific to finite projects
- 8.3 Implementation of risk actions are monitored as part of the organisation's regular reporting of budgets, performance and risk management (where such reporting exists). Where actions have not been taken in a timely manner to mitigate risks, this shall be reported to the appropriate committee charged with governance.
- 8.4 Emerging risks identified through regular horizon scanning will be assessed, analysed and recorded on the Risk Register with suitable responses as soon as they are identified.
- 8.5 Risks relating to committee decisions are recorded in each committee report. The Risk Manager provides advice and guidance and will identify if the Risk Register requires updating with any corporate or service risks emerging from report recommendations.
- 8.6 Project risks will be identified at the outset of any project and recorded in the organisation's Project Management approach. Any project risks that have an inherent risk score of 9 or above will be recorded on the Risk Register in a sub-section for the appropriate service area. This will enable monitoring of controls and actions.
- 8.7 Once the project is completed, project risks will be removed from the Risk Register.

9.0 Monitoring and Review

- 9.1 The Strategy will be reviewed annually by Corporate Services Committee and reported to Town Council.
- 9.2 Progress with actions designed to mitigate primary risks will be reported to those charged with governance.
- 9.3 Risk Owners will review their risks on the Risk Register every six months and give assurance that controls are still operating as recorded.
- 9.4 Where appropriate, Internal Audit will review the organisation's risk management processes at least once every two years.

10.0 Glossary of terms

| Term | Definition |
|--------------------|--|
| Risk | The threat that an event or action will adversely affect the organisation's |
| | ability to deliver its objectives. The threat is measured in terms of impact and |
| | likelihood. |
| Risk strategy | How the organisation plans to achieve good risk management |
| Risk appetite | The level of risk the organisation is prepared to accept |
| Risk averse | A low appetite for risk taking |
| Risk positive | A high appetite for risk taking to potentially achieve a more favourable |
| | outcome |
| Upside risk | Opportunity to exploit a situation for a positive advantage |
| Inherent risk | The impact and likelihood of an event occurring before any controls haven |
| | been applied |
| Residual risk | The impact and likelihood of an event occurring when controls are operating |
| | as designed |
| Controls | Processes or actions taken to address risks by reducing the likelihood. Usually |
| | referred to as treating the risk. Cost of controls should be proportional to the |
| | risk |
| Mitigation | Actions taken or to be taken to reduce the chance of a risk materialising or |
| | the impact if it does. |
| Treat the risk | Operate processes to reduce the risk e.g. password security, spot checks, |
| | regular monitoring or reporting |
| Tolerate the risk | Agree not to take action, usually due to minimal likelihood of occurrence, or |
| | cost of controls is disproportional to the risk |
| Transfer the risk | Often through insurance, where the impact of a risk materialising is reduced. |
| | May also occur through outsourcing if a third party takes on the risk. |
| Terminate the risk | Stop doing the activity / service to which the risk relates |
| Take the risk | View the risk as an upside risk / opportunity to improve an outcome or deliver |
| | an even better service and take the chance |
