### 12703 QUESTIONS FROM THE PUBLIC

Members were provided with an update regarding the conversion of the former Morrisons site (Minute number 12579, 16<sup>th</sup> October 2023) and to present proposals for a second building to the south of the site.

Members were informed that the strip-out of the existing building had been completed and fitting-out was now in progress. External works and signage would soon commence, with the completion scheduled for 1<sup>st</sup> May 2024.

The new proposal was for an additional building on the south side. The approved original plan details would be retained, but additional landscaping would be incorporated along the southern edge of the site. The proposed building would be complimentary in appearance to the existing one, although slightly taller, with windows facing into the car park.

Mr Dingle, the planning consultant, informed Members that there would be sufficient parking (spaces for 7 cars, 7 vans and 2 disabled spaces) for the proposed new development and that the team were confident of being able to demonstrate this. Peak hours were anticipated to be 09.00-10.00am, in which time 8-10 vehicles would be expected.

The change of use scheme was not restricted in its hours of operation; however, a condition of the planning permission granted by Central Bedfordshire Council was that activity could not be audible outside of the site at any time. It was stated that the additional building would act as a sound barrier, providing additional protection to residents.

In reply to a question regarding the size of the additional development, Mr Dingle confirmed that the existing building was just over 1,000 sq m and the proposed additional building would be just under 3,000 sq m, with ground, 1<sup>st</sup> and 2<sup>nd</sup> floors.

The main concern raised at the public consultation was the level of traffic likely to result from the site. Mr Dingle responded, saying a lot of data had been collected around storage facilities and they were confident that there would be a low level of traffic and the parking would prove sufficient.

#### 12704 SPECIFIC DECLARATIONS OF INTEREST

None.

#### **12705 MINUTES**

To approve the Minutes of the meetings held on the 8<sup>th</sup> January 2024 and 29<sup>th</sup> January 2024.

Resolved To approve the Minutes of the meetings held on 8<sup>th</sup> January 2024 and 29<sup>th</sup> January 2024 and for these to be signed by the Chairman.

#### 12706 PLANNING MATTERS

(a) The following planning applications were considered:

CB/23/03976/ADV (click for more details) Advertisement: 2 no illuminated fascia signs & 2 no illuminated box projecting signs
Tithe Farm Post Office, 8 Hillborough Crescent, Houghton Regis, Dunstable, LU5 5NS
Mr Cebrail Cicek

Comments: Members expressed their disappointment that their objections raised at the 8th January meeting (Minute 12661, CB/23/03975/FULL) had been overruled and the planning application regarding this site had been approved. There were plans to reinstall a ramp for wheelchair users; however, there were no plans for reinstalling an automatic door and concerns regarding disability access continued to be raised.

Members felt the signage proposed on this application was disproportionate and did not reflect the community value of The Post Office; however, there were no sufficient grounds for objection.

Houghton Regis Town Council raised no objections to this application but requested consideration be given to the signage reflect equally the two business purposes of the unit. <u>CB/24/00057/FULL</u> (click for more details) Removal and relocation of fence. Change of use of amenity land to residential garden land. 44 Bidwell Hill, Houghton Regis, Dunstable, LU5 5EP Mrs Iryna Suska

Comments: Houghton Regis Town Council raised an objection to this application on the grounds of:

- It was a designated area of amenity land and, as such, should be protected.
- The estate had been designed with consideration to space and open views, and the proposed fence would be to the detriment of public amenity aesthetics.
- The property was on a bend and a fence would hinder visibility for road users.

<u>CB/23/03551/RM</u> (click for more details)

Reserved Matters: following Outline Application CB/22/04525/VOC (Outline Application for residential development for up to 100 dwellings with all matters reserved, except access.) Full details of reserved matters for 77 dwellings including appearance, landscaping, scale and layout pursuant to outline consent CB/22/04525/VOC.

Comments: An application had been presented to the Committee on 27<sup>th</sup> November 2023 (Minute 12610)

Houghton Regis Town Council raised objections to this application on the grounds that their concerns had not been addressed. These were:

- The proximity of the children's playground to water.
- The Police had refused to withdraw their objections (ref: CC-DOCO-Bedfordshire Police 2/2/24) highlighting 'excessive permeability created by the PROW (Public Right of Way)' which would threaten the safety of the properties.
- The distribution and size of the dwellings was considered unsuitable. Reports from an internal consultation (ref: 2530650) had stated that the layout had been predetermined without consideration of the actual site.
- The consultation was dated 25<sup>th</sup> January while the letter from the development manager was dated 28<sup>th</sup> January. This suggested there had been insufficient time for the issues raised to be addressed.

CB/TRE/24/00026 (click for more details) Works to a trees protected by a Tree Preservation Order (SB/TPO/77/00006):

Fell the Ash tree (T5), Sycamore tree (T6), Ash tree (T7) and Yew, Western Red, Cedar trees (G1), to the ground Bidwell Gospel Trust

Comments: The trees under consideration would be removed to create a space for recreational use. The trees had been declared healthy and Members objected to their removal and commented that this was in conflict to the Neighbourhood Plan.

Houghton Regis Town Council raised an objection to this application due to there being insufficient grounds for the felling of protected, established, healthy trees.
